DISPENSARY SELECTION INFORMATION

The information on this page contains important provisions to aid patients when applying for a registry identification card with the Vermont Marijuana Registry (VMR). Information to assist patient applicants designating a registered dispensary is located on the following pages.

- Registered patients are ***prohibited*** from obtaining usable marijuana from a registered dispensary ***and*** cultivating. A registered patient must choose to designate a dispensary or to cultivate.
- Registered patients who designate a dispensary to obtain usable marijuana, may ***not*** cultivate marijuana.
- Registered patients who elect to cultivate marijuana, may ***not*** obtain usable marijuana from a dispensary, but may purchase seeds/clones from any registered dispensary who provides this service.
- Registered patients who designate a dispensary to obtain usable marijuana, may ***only*** purchase marijuana from ***one*** dispensary and ***must*** designate the dispensary of his or her choice on the Registered Patient Application or Cardholder Information Notification form submitted to the VMR.
- A registered patient who designates a dispensary ***cannot*** change dispensaries for 30 days. After 30 days a registered patient may change his or her designated dispensary by completing and submitting a Cardholder Information Notification form and a \$25 processing fee. The VMR will issue the registered patient a new registry identification card with a new registry identification number.
- ***ALL*** registered patients and caregivers ***MUST*** schedule an appointment to obtain marijuana, this includes seed and clones.

There are ***four*** registered dispensaries operating in Vermont; *Champlain Valley Dispensary* in Burlington, *Vermont Patients Alliance* in Montpelier, *Grassroots Vermont* in Brandon, and *Southern Vermont Wellness* in Brattleboro. Unless otherwise authorized by Vermont law, no more than four dispensaries are allowed to hold valid registration certificates at one time.

Each registered dispensary's contact information is included in the documentation accompanying this letter.

Staff

Lindsey Wells, Program Administrator

Meredith Bullock, Program Technician

Champlain Valley Dispensary, Inc. & Southern Vermont Wellness, Inc.

We're dedicated to providing high quality, laboratory-tested, medical cannabis to our clients. We aim to treat our clients with respect and educate them about symptom relief and pain management through cannabis treatments and alternative health practices. Individual responses to cannabis strains and methods of consumption vary. Currently, no scientific consensus exists that indicates any one cannabis strain is more effective than another for relieving specific symptoms or conditions. Each consumer must determine, through their own use of cannabis, which strains and products are most effective for their needs.

Our in stock inventory, complete with photos and ingredients, can be viewed on our website's Patient Information page at cvdvt.org and at svvvt.org. The password for access is "cvdvip".

Flowers

Flowers are pre-packaged in 1, 3.5, 7 and 14 gram pouches and .5gram pre-rolls. Strain availability varies based upon harvest schedule.

Queen City Cannabis Concentrates (QC3)

Concentrates extracted using one of the following solvents/methods: CO2, ice water, dry ice or organic ethanol. All are available in strain specific or blended products.

Co2 Extracted Cannabis Oil: Pure, uncut, liquid oils packaged in .3g & .6g vape pen cartridges, for use with rechargeable battery.

Co2 Extracted Cannabis Concentrates: Oils waxes and shatters packaged in syringes and slicks for use with personal combustion devices.

RSO Cannabis Oil: Concentrated mgs of Indica-sourced THC produced through ethanol extraction. Available in .5g syringes.

Hash & Kief

Mary's Medicinals Transdermal Patches

Our licensing agreement with Mary's Medicinals allows us to produce their full line of products. We offer 6 transdermal patch varieties, formulated with our CO2 cannabis extracts: THC Indica & Sativa, CBD/THC 1:1, CBD, CBN and THCa. For more information please visit: marysmedicinals.com

Mad Hatter Coffee & Tea Company Artisanal Beverages

Our licensing agreement with Mad Hatter allows us to produce their full line of products. We currently offer their coffees, teas, chais, mochas and mushroom elixirs. Each of these recipes has been formulated with our CO2 cannabis extracts. For more information please visit: madhattercoffeeandtea.com

Champlain Valley Dispensary, Inc. & Southern Vermont Wellness, Inc. – continued

Tinctures

All tinctures are made with organic alcohol and CO2 cannabis extracts. They are available in both dropper and spray bottles and are formulated for consistent cannabinoid content.

Indica, Sativa and 1:1 formulas available.

Glycerites

Our Glycerite menu is produced using the cold method of extraction, preserving naturally occurring THCa. Glycerites are available in 1oz dropper bottles.

Indica, Sativa and 1:1 Glycerite available.

Queen City Cannabis Confections

This menu utilizes organic and often local sweeteners and is medicated with concentrates from our QC3 product line.

Dark Chocolate Brownie
Ginger Molasses Cookie
Seasonal Sugar Cookie

INDICA

Chocolate Chip Cookie
Cheese Nibs

1:1 CBD TO THC

Dark Chocolate Brownie

Fat Infusions

We offer four different fat infusions in order to suit your dietary needs. These fats can be consumed on their own or used to create your own infused products, substituting them for either all or a portion of the fat in a recipe. Each fat is available in Indica & Sativa varieties. Strains may vary. Special orders will be considered for fats formulated for specific cannabinoid ratios. Minimum orders will apply.

Olive Oil, Coconut Oil, Butter and Ghee are available.

Companion Botanicals

The purpose of this line of products is to welcome cannabis back into the complete herbal apothecary. We introduce cannabis into traditional herbal formulas and recipes (Western, Ayurvedic and Traditional Chinese Medicine) not only to augment the intended therapeutic benefits of these formulas and recipes, but also to access the nutrients and terpene profiles of cannabis that can be lost or diminished through contemporary means of consuming cannabis.

SATIVA

Fire Cider Vinegar

INDICA

Anti-Inflammatory Salve
Relaxing Herbal Smoking Blend
Rest & Digest Tea

1:1 CBD TO THC

Elderberry Rose Hip Elixir

Clone and Seed

Clones and seeds are available to purchase for those registered patients who have chosen home cultivation. State regulations limit clone purchases to 7 within a 30 day period. We offer an Indica and Sativa strain at all times, with selections varying throughout the year.

Champlain Valley Dispensary, Inc. & Southern Vermont Wellness, Inc. – continued

Pricing Programs

Sliding Scale

We provide a sliding scale pricing system based on enrollment in the State of Vermont’s 3SquaresVT program. You must provide to us a copy of your 3SquaresVT qualification along with a completed application form for our Discount Program.

Veteran’s Discount

All veterans will receive a 15% discount on all medicated products. Qualification for this discount will be via proof of veteran status, if applicable, i.e. a copy of their DD 214, along with other state or federal issued photo identification.

Delivery (Southern Vermont Wellness Only)

Delivery is available in Southern and Central Vermont for an additional fee.

Hours of Operation (By Appointment Only)

In times of inclement weather, we will follow the Chittenden and Windham County schedules for closing and delays. Hours may vary, so please reference our website for up to date information.

Friday	11:00 a.m. – 6:00 p.m.
Saturday	9:00 a.m. – 4:30 p.m.

Grassroots Vermont

Real People, Real Medicine

About Us

Here at Grassroots Vermont we provide affordable, medical grade cannabis to patients throughout the Green Mountain State. The dispensary was founded by a local Vermont family. We grow our own indoor cannabis and produce our own natural products to cater to your specific needs. As our patient, you know exactly what you are consuming, who cultivated it, and how it was made just for you.

If you have any questions before designating a dispensary, check out our website: grassrootsvermont.com and email us at hi@grassrootsvermont.com for a free consultation. Any registered patient can come in, speak to us and see our products.

Delivery and Location

We are proud to be the first dispensary to provide **home delivery** to patients **anywhere** in the Green Mountain State. If you would like to visit us in person please come see us at our dispensary in Brandon. We are conveniently located off Route 7.

Testing

We are the only Vermont dispensary that uses a third-party lab to do our testing. ProVerde Laboratories is ISO certified and conducts our potency and contamination testing.

Pricing

We provide discounts for patients that need financial assistance to purchase medicine, and we usually have a number of select strains on sale.

Flower Pricing Chart:

Starting flower price:	\$14.50 per gram
Sliding scale flower price:	\$12.50 per gram
Sale Price:	\$10.00 per gram

Vermont Patients Alliance

A safe and knowledgeable source for
organic plant-based medicine.

Mission

Our mission is simple – to provide a safe, comfortable, and legal environment for patients to access premium quality Cannabis and Cannabis-infused products grown naturally. As our products are routinely tested for quality, potency, and consistency, our patients will be confident they are getting the proper medicine for their needs.

VPA opened Vermont's first medical marijuana dispensary in the state's capitol, Montpelier, in June of 2013. We are a nonprofit organization established by Vermont physicians, nurses, scientists, and local business leaders for charitable, scientific, and educational activities in support of patients suffering from debilitating medical conditions.

We carry a variety of products to accommodate our patient's needs and preferences. Please see the list below for a sample of our offerings. Once you select VPA as your dispensary and create an account on our website you will have access to our menu of available products, as well as the ability to create an order online that will be available to pick-up at your next appointment.

Flower

We are proud to be 100% organic by the highest agricultural standards in every aspect of cultivation, utilizing the finest local resources and sustainable practices. With over 30 active varieties growing, you can be sure to find one that suits your personal needs. Flower is available in prepackaged quantities of 1g, 3.5g, 7g and 14g. Also available in pre-rolled cones and shake blends of 1g, 4g and 7g quantities.

VPA is the first and only dispensary in Vermont to utilize natural sunlight for cultivation. Our first greenhouse harvest in 2015 was a huge success, and we received nothing but positive feedback from our patients in regards to

quality, effectiveness and affordability. Because of the cost-effectiveness we are able to offer the flower at a huge discount to our patients. This year we are excited to announce our 2nd greenhouse grow which will be available to purchase Winter 2016-2017.

Apothecary

VPA is staffed with a team of knowledgeable, creative, and trained clinical and family herbalist's, who have worked together to blend Cannabis into traditional and custom herbal formulas and recipes.
